

setNextState

```
graph LR; A[setNextState] --> B[ExitState::get]; B --> C[ExitState::ExitState];
```

A flowchart with three rectangular boxes connected by blue arrows. The first box on the left is gray and contains the text 'setNextState'. A blue arrow points from its right side to the second box, which is white with a black border and contains 'ExitState::get'. Another blue arrow points from the right side of the second box to the third box, which is also white with a black border and contains 'ExitState::ExitState'.

ExitState::get

ExitState::ExitState
